New Haven: Yale University Press. It is a world that has no truth. Can social media lead to religious commitment? Hatch,N. This gap, abyss, or potential bridging project—to fol- low Michelangelo in using spatial metaphors—would seem to leave room for, or beg the use of, media technologies. Religious imaginations and media development The key role of media technologies in the two-way connection between God and humans appears to have impacted their uses and notions about them in Western society, from earliest days to the digital age.
