Consequently, one is always on the look-out through the labouring of the material for something that one could not have premeditated. The new is regarded as the fulfilment of the not yet actualised essence of contemporariness and is essentially beyond reproach. Our efforts to design rationally are in dialogue with our dreams, oversights and unconscious

desires. DivenandMarkShaurette. The imagery, texts and memories of the experience are then used to produce reflective reports, material evidence in the form imagery, text and reflection, which can then be re-evaluated by re-enacting similar events. It was an interesting opportunity to network and explore development opportunities.
