Noble uncovers the almost taboo subject of the early modern mummythe medical corpse which provided healing fluids revered by medical practitioners all over early modern Europe for its potency. In the twenty first century, literary criticism, literary theory, historiography and cultural studies have become intimately interwoven, and the formerly distinct fields of literature, society, history, and culture no longer seem so discrete. NewYork,N.Abingdon,Oxford:Routledge, Cursor Mundi Editor Blair Sullivan Cursor Mundi is a publication series of inter- and multi-disciplinary studies of the medieval and early modern world, viewed broadly as the period between late antiquity and the Enlightenment. You added your first item into your Library. ArthurianDrama:AnAnthology.As those within and outside of digital humanities struggle to make sense of the field and to articulate how itmight mesh with existing structures and practices, the debates in and around the digital humanities have mounted in both significance and scope. Mummies were stolen from Egyptian tombs, and skulls were taken from Irish burial sites.
