This has led to the hypothesis of context blindness as the common pathway in the cognitive deficits in autism. Her artistic practice revolves around themes of active forgetting, archives, and collective memory, with a large focus on the state of Saudi women and their representation. A therapeutic limbo.

Here are 16 examples. Unfortunately for people with autism, facial expressions. But he is the same husband in any context. Instead of creating stories about certain social skills, we should build them around contexts and introduce sentences that start with if and. Interestingly, lack of contextual sensitivity can account for many of the cognitive assets in autism such as the ability to think logically without being disturbed by contextual elements e.

Everyone gets to be in on and enjoy the joke, even if they're not fully familiar. I wonder if I ever want to find that answer.
