The modern banking system evolved in response to the virtual monopoly once held by private entities such as lords and kings over access to finance. Greetings from Oslo Jon langdal. Paul Ryan about the "solvency" of the Social Security system, which Americans rely on for retirement payments. WarrenMosler. But money is incredibly complex, and virtually every origin story and combination of commodity, credit, bills of exchange, banking, tribute, chartal etc that you can think of DID happen somewhere, some time. Everything from the food in our bellies to the clothes on our backs right up to the most sophisticated technology is made by the workers.

The spending comes first, and after the government spends the dollars into the economy, economists advocate a government-funded job guarantee scheme to eliminate involuntary unemployment.
