The two friends would eventually separate and publish individual accounts of Alexis de Tocqueville's views of America - Democracy in America experience. We are very truly in another world here; political passions are only at the surface; the profound passion, the only one that deeply moves the human heart, the passion of every day, is the acquisition of wealth, and there are a thousand ways to acquire it without disturbing the State. You would have to be blind, in my opinion, to want to compare this country to Europe Edition: current; Page: [lxvii] and to adopt in one what works in another; I believed it before leaving France; I believe it more and more examining the society in the midst of which I now live; they are a people of merchants who occupy themselves with public affairs when their work leaves spare time. Equality is a sameness. That first edition, which elicited considerable criticism, possesses almost as many good qualities as failings. This explains why, in France as in the United States, the people are sovereign, for if the French do not live in a condition of liberty strictly speaking, they have already learned to think of themselves as equals. There must be a certain number of persons of this description; who constitute

decade later, he was serving as governor of the eastern province of Hispaniola when he decided to explore a nearby island, which became
